Athletics	Brandon: There are three things that I would like to discuss: <ol style="list-style-type: none">1) Taiwan: I felt that the planning for the trip to Taiwan could have been better. The trip was not very well organized. Students were not given the free time they were promised.2) ICGs: There will be a meeting tonight to ratify the ICG constitution. The Athletics committee will actually plan this event later. Furthermore, Julia Chin '20 will act as co-representative in the organising committee.3) Lastly, the appreciation event for athletics will be held on 21st November, evening time.	Brandon will write an email to Ling (Athletics Director) about how the Taiwan trip could have been more effective. Brandon will meet with Ling later this week about the timeline for formation of the athletics council. Julia Chin to be appointed as co-representative for the ICG organising committee.
Budget	Aditya: Stipend implementation proposal can be found in the following document: https://docs.google.com/document/d/1L-EiPy_CieaysoyNJZG3mEGavh1mrtHLKR9auxuQkNQ/edit Aditya: Two things were added to the proposal <ol style="list-style-type: none">1) Transparency measures regarding which students will receive the payment2) Clarification on which administration	Consolidate the old stipend proposal with the new stipend proposal by tonight (Aditya) Everyone- vote on slack on the budget

department is going to fund this stipend: The Office of Admission and Financial Aid

The Student Council should now approve this proposal so that it can be implemented. There will be a separate document regarding the application process for this stipend.

Glen: I personally believe that the wording of the proposal could be improved, but the intent of the document is sound.

Hebe: I am curious if the limit of 5 people could be changed. If the maximum of 500 per person will not be met, it will make sense that individuals will not obtain 500 dollars. Where would the leftover funds go?

Aditya: This is a possibility. However, we must submit the document soon.

Tee: So, are you going to change the wording of the document? When will the final document be prepared because the judiciary members will have to discuss this?

Glen: This document will be sent to the judiciary after this is completed. I believe this will be done by tomorrow. We are going to work on this document and make sure that this document will come out by tomorrow. Additionally, in order to ratify these changes we will have a vote on slack. This will be completed tonight. Please, can everyone vote on this.

Avery: Aditya, please consolidate the old document with the new document.

Aditya: Yes Avery, I will consolidate the two forms into one form. Furthermore, there are some housekeeping matters. A form will be put into the drive that will be submitted to the Financial Aid Office. This form will be reviewed every week.

External Communications	<p>Hebe: Do we, as a Student Council, want to keep posting to all the RC pages on Facebook to disseminate weekly updates and other information pieces? Or should we continue to use the main Facebook group? I believe the former to be the preferable given the influx of information constantly flowing through the other page.</p> <p>Saza: I agree that the information on the main Facebook page is oftentimes overwhelming for students. However, I believe posting the weekly updates on the individual RC pages will become a nuisance. The dissemination of this information should be done on the Student Council page specifically. If there are important information that were in the weekly updates, then I would find it appropriate for the updates to be posted on the general YNC page.</p> <p>Avery: As a note to Hebe, I have a feedback from the students that they found your facebook posts clever and funny. Additionally, there will be a town hall meeting with the student body tomorrow at 6pm.</p> <p>Sara: What Glen mentioned about the survey is extremely important. This survey pertains to all of the directors here. There are items in the student life report that directorships should engage with in order to complete your jobs competently. Please look at the report here:</p> <p>https://drive.google.com/file/d/oB72vJ3bAxtfXOWdDY1NpWGZtaGM/view</p> <p>Saza: As a point of information, what will happen in the Town Hall?</p> <p>Sara: We will briefly summarize the report to the interested members of the student body, and we will ask for student feedback on the report we compiled.</p>	<p>Everyone to read student life report</p> <p>Disseminate the information about the alcohol training session (Sara)</p> <p>Highlight the important things that need to be taken note of for each portfolio and to present this next meeting (Sara)</p>
Logistics	<p>Michael: There are two pieces of information I wish to share with the rest of you:</p> <ol style="list-style-type: none"> 1) I obtained the DOS appreciation gifts from Yankee Candle. These appreciate gifts show how us, as a student body, appreciate the help that DOS in a tumultuous time for the College. Additionally, I have submitted the request of Payment form for these gift. 2) As for the welfare packs: I have emailed all three college offices, inquiring if they will create welfare pacts for the student body. None of the them are planning on packs to be sent to students, but hopefully they can help in the creation of these packs. 	<p>Write a proposal about the welfare packs (Michael & Avery)</p>
