	Avery: Judiciary's job is to oversee the council - there would be conflicts Sara: Previous student government members → argue against student government members acting as chairs Aditya: How about random students? Glen: Random students can't be running the committee - some sort of affiliation with the council is required	Government members can co-chair
Welfare packs	Saza: Welfare packs can't happen because there was a lack of communication between people who were organizing and the presidents. It is also too late to apply for community event funding.	<b>Saza</b> to head welfare packs project
	Only possible to do it by reading week however, many people will be leaving.	
	Due to these complications, welfare packs will happen at the beginning of the semester.	
Athletics update	Brandon: Speaking to Peter, he was keen on gym opening at 12 to 2am, based off the survey of 90+ students done through a Facebook poll	
	Athletics Council had their first meeting. The barbeque will happen 21st of November	
	ICG meeting - no update yet.	
	Saza: Did you spend any budget? Brandon: Haven't spent anything yet.	
Minutes from committee meetings	Ana: Previous committees have never made the minutes public and meetings are also not public. Budget is confidential between organizations and the committee	<b>Scott and Ana</b> to work on a report on why minutes won't be public for the
	Funding is decided upon case by case and due to the nature of the organizations,	Judiciary Committee

	people should not use one specific budget as the benchmark.	
	So make the principles public but should we have public comments on those principles?	
	Hebe: Isn't this where the transparency come to the floor? → especially allocating budget and money.	
	Ana: We are aiming for transparency amongst student organizations. We don't think transparency for the student body is necessary because this can create benchmark and cause future complications.	
	Scott: Certain members of the public have questions on budget $\rightarrow$ potentially provide that information with consent from the committee.	
External Communications updates	Every member should give their minutes to Hebe	
	Infra Town Hall and Wellness Listenin minutes need to be sent to Hebe.	
	Projects need to be written down ASAP.	
	Midnight tonight is the deadline.	
	Social media → flippancy was mentioned in the judiciary report. There is a fine line between professionalism and interesting content.	
	<ul> <li>How can we disseminate student government posts better?</li> <li>Add photos</li> <li>Tag members of student government</li> <li>Tell people to like our page during Office Hours</li> </ul>	
	"You can lead a horse to water, but you	

	can't make it drink."	
Student life updates	Dining listening session → please be there!	
	Saza: Talked to Peter from DOS about the recent Octant article $\rightarrow$ how can we achieve our shared goals and visions?	
	Peter Low said that the 8 sessions at the wellness center is not the limit $\rightarrow$ it is merely a guideline to empower students and people should be encouraged to attend.	
Liaison to ERT	Wifi: Tied to what NUS provides them, so difficult to change."We appreciate the feedback"	<b>Scott</b> to continue liaising with ERT on these issues
	Level of brightness in the library: Will be fixed next semester and it will be at the top of the priority.	
	Plan for library access: Similar to NUS access> will have access to print copies but digital access will be on pay-per-use basis	
	Identification numbers: Still in progress as gathering numbers.	
Liaison to PA	No way getting crest done by graduation → took a year and a half to get a mascot, therefore, it will take longer for the crest to be formed.	<b>Avery</b> to draft a proposal for how to gauge student response on their opinion on
	Every single element needs to have a meaning for the crest, which is why it will take a very long time for the graphic designers to work on this.	having a crest next semester
	They want the focus to be on the mascot as they just released it.	
	Gauge student response in the future on	

	whether we should have a crest or not $\rightarrow$ with solid data, we can present the idea to the board of governors better.	
Proposals	<ul> <li>Events <ol> <li>Faculty appreciation event <ol> <li>People are already doing things for Eugene, therefore, January is the ideal time.</li> <li>Have a faculty and staff appreciation month (around 200)</li> <li>Hopefully build a committee for organizing this event</li> </ol> </li> <li>Student Government retreat <ol> <li>A day for community building</li> <li>From 26th to 27th of November</li> <li>Saza: There are budget constraints.
